

## Special Programs & Events

### Grief Lecture Series

A four week lecture series, free to the public, held every spring and fall in various locations. Participation includes those who have suffered from a loss through death or experienced a relationship loss of any kind. Also welcome are those who just wish to learn more about the grieving process. Lecture is presented by Cecelia Clayton, MPH.

### Children's Bereavement Art Program

An exclusive program designed to help children understand their own unique feelings of grief after the loss of a loved one through death; and allows them to come together with others with similar losses. The environment is one where they are made to feel comfortable asking questions and expressing fears.

The program is open to children between the ages of 6-12 and the parent or guardian must also be willing to participate in the complementary Parent Grief Series in its entirety. Four week sessions are held throughout the year with registration and a non-refundable fee required.

### Pet Loss Support Group

An on-going support group for those who have experienced the loss of a loved pet. This is open to the public and meets every other month. Please check our website or call 800-882-1117 and ask for Bereavement for current schedule.

## About us

At the Joseph T. Quinlan Bereavement Center we provide grief support and counseling for hospice families and the community. If you have lost a loved one through death, our professional and caring staff can bring you comfort and understanding which will help you and your family through this difficult time.

We offer individual counseling and ongoing support groups.

Anyone may use our bereavement services; you do not need to be part of our hospice program to participate.

## Community Outreach

### SPECIAL GROUPS AND WORKSHOPS

#### Anticipatory Grief Support

Families with a dying loved one are offered support to ease the process and to help understand and cope with the approaching loss.

#### School Bereavement Support Groups

Upon request of a school social worker, our counselors will assist grieving children and the staff who supports them. Students will gain a better understanding of grief and learn to share their issues with peers and adults. In the event of unexpected losses or crisis, emergency support is available.

#### Memorial Services

Community Memorial Services are held throughout the year in Sussex & Warren Counties, NJ and Pike County, PA.

Our services are automatically paid through our hospice program for those who have lost a loved one through Karen Ann Quinlan Hospice; for those outside of our hospice program, a donation is acceptable. No one is ever refused based on their ability to pay. This is possible through community and private donations, funding and grants.
