

# Your Hospice Care Specialists

Specialized Hospice Care in:

- Cardiac
- Stroke
- Heart Disease
- Pulmonary

Expert symptom management for fluid overload, dyspnea, and chest pain associated with cardiac and pulmonary diseases.

- Dementia
- Alzheimer's

Pain management, proper nutrition, and spiritual support may all be part of the program. However, it is often hard to predict the path that Alzheimer's will take.

- Liver
- Renal

The hospice plan of care for end-stage renal disease (ESRD) addresses the patient's physical and psychosocial well-being and seeks to manage a wide variety of kidney failure symptoms.

- Let us care for you.
- Congestive Heart Failure
  - COPD
  - Alzheimer's
  - Cancer

Karen Ann Quinlan Home for Hospice offers around-the-clock nursing and specialized care. The Home delivers a much-needed reprieve for patients needing intensive nursing skills or urgent alleviation of pain. Our Home for Hospice is a pleasant, comfortable and skilled place to cope with the challenges of a life-limiting illness.

*"The care that my husband received at Karen Ann Quinlan Home for Hospice was beyond words. I will use his own words to describe it. 'Being here is like having one step already in heaven, and the people that work here are angels.'"*

*-Home for Hospice Family*

### Our Medical Directors specialize in:

- Oncology • Geriatrics
- Family Medicine • Hospice Care

Patients may also use their own physician.

### Staff includes Certified Hospice and Palliative Care Nurses

\*\*Genworth - 2019 Daily, NJ State Median Cost

Hospice care at the Home is covered by Medicare, Medicaid and most private insurance hospice benefits. The room and board fee is a daily rate, billed weekly and not included in the above benefits. Karen Ann Quinlan Hospice issues full refunds for unused portions of room and board fees. For more information or to tour the Home please call 800-882-1117.

*Each person is different. We create a specialized treatment plan to meet the needs of each person including Integrative Therapy.*

All hospices care for the body. We expand that care to encompass the mind and spirit as well by integrating special therapies with the best in medical care. The result is a "whole person" approach that integrates all the senses.

**Aromatherapy:** Individuals in hospice can benefit from this therapy to help alleviate pain, nausea, depression, anxiety, agitation and sleeplessness.

**Massage:** Gentle, safe and appropriate for those with chronic illness, the elderly, and those nearing the end of life. Deeply soothing, it can relieve pain, promote relaxation, ease breathing, encourage appetite and digestion, and improve quality of sleep.

**Music activity visit:** Trained volunteers bring live and recorded music to the bedside of individuals.

**Animal activity visit:** Specially trained human-animal volunteer teams are available to visit individuals in our hospice program.

**Reiki:** Reiki is based on the concept that the human body consists of patterns of energy that can be balanced to relieve tension, pain and other symptoms, and support the individual on all levels of body, mind, and spirit.
